ON

THE LICENSING OF AIRBORNE NAVIGATION EQUIPMENT

February 19th, 1959

Present: Belgium(Luxembourg), Denmark, France, Germany, Italy, Japan,

The German Delegate said that his authorities had studied COCOM 3373 and shared the opinion of the Canadian authorities that, as far as could be said without more detailed technical specification, the equipment in question was covered by Item 1510(b)(1). If a similar case should arise the German authorities would also refuse to license such an export.
